Premier Eman a steal the Show na Brazil

Hopi biaha nos mandatarionan ta bai den exterior pa sea busca relacionnan estrecho cu otro paisnan of simplemente pa trece nos riba mapa na mundo.

Esaki sigur tabata e caso den e siman cu ta terminando aki,na unda nos Prome Minister Mike Eman, a " Steal the show", durante e reunion di e Cumbre na Rio +20,na momento cu e mandatario a sobresali dilanti di e gigantenan na dicho reunion,manera Sir Richard Branson, un philantrofo billionario di Inglatera cu tambe ta pro pa tene mundo liber di combustibel fosil.

Door di e empeño di nos mandatario Eman, awe Aruba ta parti di e famoso elitenan den e Carbon War Room y cu naturalmente ta pone nos isla chikito den e gigantenan,debi na su logronan.

E areanan preliminarionan ta: Den transporte,implementa technologia nobo di emision abao y strategianan cu ta baha esakinan abao y crea areanan pa cana cu na su momento ta crea calidad mundial. Alaves na mes momento tambe, eficiencia energetico cu lo incentiva hogarnan pa trece cambio pa ta mas sostenibel y efeciente di energia comercial.

Minimalisa uso di awa pa industrianan y cas nan na 100 porciento.

Renoba technologianan di energia renobabel comercialmente, implementacion riba enfoke sostenibel pa crecemento den sector turistico y crea na mes momento un destinacion inspirativo turisticamente.

Agricultura tambe lo por hasi mihor uso di awa y baha importacion di cuminda pa bestianan cu na e momentonan aki ta 100 porciento dependiente di exterior.

E relacion nobo aki entre Sir Richard Branson y nos Prome Mandatario Mike Eman ta crea un sin fin di posibilidadnan den tur sentido y lo tin relacionnan inmensamente positivo pa nos economia den futuro y esaki ta di aplaudi cu e gran logro di nos prome mandatario na e reunion di Rio+20.

Aruba positivamente den noticia rond mundo

E corant Hulandes NRC ta haci mencion di e acuerdo entre Aruba y Carbon War Zone na Rio+20. Esaki mescos cu varios otro medio di comunicacion rond mundo cu ta poniendo nos isla Aruba den luz positivo. Riba e website di Carbon War Room tambe e acuerdo entre Aruba y e institucion prestigioso funda pa Sir Richard Branson a wordo poni caba y ta hayando masha hopi atencion.

NRC: "Aruba birando un isla 100% sostenibel"

Dentro di poco tur e energia di Aruba ta bin di recursonan limpi. "Inverti den energia limpi mester conduci tambe na e cohesion social riba e isla, asina NRC ta cita Prome Minister di Aruba Mike Eman.

E periodista Paul Luttikhuis di NRC ta skirbi den su articulo cu e ayudo di Sir Richard Branson e isla ta bira un 'laboratorio bibo". Aruba kier genera tur su energia for di biento y solo.

Na 2020 e isla Caribense ta bay draai 100% riba energia sostenibel. E promesa aki a wordo haci dor di Prome Minister Eman na e cumbre riba desaroyo sostenibel na Rio+20. Aruba ta haya ayudo di Sir Richard Branson kende cu su Carbon War Room ta hiba un lucha contra cambio di clima.

Triple Pundit – People, Planet, Profit ta skirbi positivo di Aruba

"Aruba ta haci e cambio"

E acuerdo cu a wordo firma entre Gobierno di Aruba, Carbon War Room y The New America Foundation a aparece como "Breaking News" riba e site di Triple Pundit, skirbi pa Leon Kaye, kende tin su base na California . Kaye ta un profesional prominente, un consultant riba sostenibilidad y editor di GreenGoPost.com

E relato ta bisa cu Gobierno di Aruba, lidera pa Prome Minister Mike Eman, a anuncia na Rio +20 Conference cu e pais ta bay asocia su mes cu Carbon War Room (CWR) pa logra un transicion di 100% energia renobabel. CWR, un di e diferente iniciativanan di Sir Richard Branson, tambe ta traha cu New America Foundation pa diseña y implementa un strategia cu por transforma Aruba den e prome pais pa ta completamente liber di combustibel fossiel.

Pa Aruba y su 107.000 ciudadanonan, un proposicion potente asina ta un oportunidad pa mehora e nivel di bida, cu ya caba ta relativamente halto pa Caribe y Latino America. Aruba awor ta genera 20% di su energia pa medio di energia solar y di biento, pero mester importa e resto di su energia. E partnership cu CW por bira un modelo pa otro paisnan por ta exitoso den buskeda di independencia di combustibel fossiel.

CrossTraining pa Militar Frances na Aruba

Resientemente a tuma lugar un ehersicio di Croess training riba nos isla,na unda e militarnan frances y local a tene diferente ehersicionan pa mehora nan capacidad den un eventual guera.

Durante e dianan ey, e militarnan a tene ehersicio riba laman y tera.

Nan a train den Parke Arikok, nan a subi e barancanan na Grapefield y otro maniobranan cu vehiculonan amfibio, pa midi forsa contra otro den e training nan aki.

Lesnan di defensa propio tambe a forma parti di e ehersicionan aki riba nos isla.

Capitan Loyer cu a encabesa e grupo di militarnan frances a keda masha satisfecho cu e desaroyo di e ehersicionan aki teni.

Manera ta conoci, e cooperacion estrecho entre e militarnan den Caribe ta esencial pa tene trainingnan di e indole aki pa mehora nan forma militar.

Por bai tene mas di e training aki den un futuro,entre tur esnan envolvi,pa mehora nan capacidad militar.

Obesidad ta falta di disciplina ora di come y un bon educacion

Nos a bin ta tende den e ultimo tres añanan aki riba e forma con nos comunidad ta capta y trata e cuestion di "Obesidad",riba nos isla y por mira cu e Ministro di Salubridad Publico,Richard Vis ta filosofia cu con pa nos hasi pa frena e Obesidad na Aruba. Riba su mes esaki ta algo bon di parti di e Ministro en cuestion,pero e asunto di come foi sla aki,ta masha facil pa soluciona y no mester di tanto estudio tras di otro y ni di tanto dedicacion na esaki. Na prome lugar, obesdidad aki ta un asunto di come saludabel y disciplina na cas, na unda mayornan ta pone un maneho pa comemento for di baby. Den nan orden di cas y poco poco pero sigur tur hende ta adapta na e forma di come for di chikito y siguindo ehempel di nan mayornan. Esaki ta e unico manera structura pa pone un fin na nos forma di come for di sla,cu ta al orden di dia awendia den mayoria di hogarnan rond di nos isla.

Excusa cu mayornan ta traha y no tin tempo pa cushina y ta prefera di laga e muchanan for di chikito come "JunkFood", ta un excusa fofo,cu mayornan ta usa awendia.,aparentemente pa sali for di situacion.

Un di e factor nan determinante pa reduci e situacion penoso aki riba nos isla,cu enberdad ta saliendo for di man, ta duna informacionnan na scolnan basico,specialmente na unda nos criaturanan ta cuminsa haya bon y mal custumbernan, esta e habitonan kiko pa hasi y kiko no pa hasi. Ta esencial na mes momento pa educa nos mayornan con pa trece habitonan sano den e forma di come di nos yuinan.

Tur cos ta basa riba disciplina for di tempran serca un criatura,di ora di bai drumi,di hunga dicome etc..,pa di e forma ey nan por lanta cu un patronchi di guia den bida y esaki lo duna nan un mihor forma ora nan ta pasa den nan educacion y crecemento te na adulto y nos lo mira e diferencia den nan actitud y comportacion en general, den nos sociedad.

Premier EMAN a reuni cu Secretario di Estado Hulandes na Brasil

Prome Minister, Mike Eman, tabata tin un reunion cu e mandatario Hulandes,Ben Knapen, durante e encuentro na Rio+20. Despues di e reunion aki a acerca e prome mandatario mesora. El a splica cu hopi biaha nos islanan ta wordo mira como islanan di polemica cerca cierto grupo na Hulanda. Awor a cuminsa mira e ehempelnan positivo cambiando e ambiente cu tabata tin, serca e politiconan hulandes y awor nan por mira un otro percepcion di nos politiconan Arubano y nan ideanan pa logra cosnan importante y cu no necesariamente mester cana den sombra di Hulanda pa por logra cosnan grandi. Aruba ta e diferencia den e tono den Reino Hulandes.

" Tene un bon relacion cu Hulanda no nifica pidi placa", segun e mandatario Arubano Eman a enfatisa. Ta dos partner unda cada uno ta bisa e balor agrega di otro. Premier di Sint Maarten Sarah Wescot na RIO+20

Sarah Wescott, Prome Minister di St Maarten, tambe a forma parti di e reunion Rio+20 y tabata, presente y tambe durante e conferencia grandi riba desaroyo sostenible na Rio de Janeiro. El a bai hunto cu e delegacion di Hulanda pa asina duna sosten durante e Rio+20. Tambe el a atende e reunion unda Prome Minister, Mike Eman a hiba palabra y na unda a enfoca riba e tempo di antaño di Aruba y despues cu Lago Oil & Transport Company a hasi su introduction.Nan mes ta buscando un balance riba energia sostenible segun Sarah Wescott

St Maarten, ta un pais cu a bira victima di horcan hopi biaha. Mientras tanto, ta importante pa sa e balor di por inverti of reparti producion di energia duradero di tal forma cu un desaster natural por afectanan. Prome Minister, Sarah Wescott, a comenta riba e programanan cu tin y cu con conhuntamente nos islanan por traha hunto y saca beneficionan mutuo den henter e sistema cu ta ser aplica rond mundo awendia. Prome Ministro di Sint Maarten, Sarah Prescott,ta kere tambe cu e reunion di Rio+20 aki teni na Rio lo tin su frutonan positive pa cada un di nos y mas importante cu contactonan importante a ser logra cu tan a beneficio di nos tur. Arondino Croes a insulta trahadornan di DOW

Durante e reunion publico den Parlamento pa trata presupuesto 2012 di e Tourism Enhancement Fund (TPEF) pa cual Minister Otmar Oduber tabata presente, por a percata un incidente den forma di un insult cu a keda registra pa e parlamentario di Mep, Arondino Croes. Loke a hala hopi atencion ta e manera baho con integrantenan di fraccion di MEP, specialmente Arondino Croes, a insulta trahadornan di DOW den un forma baho caminda a cataloganan di incapacita. E parlamentario papiando di construccion di Linear Park a bisa cu den e construcion a constata hopi fayo y cu e calidad di trabou no ta corecto. Cu e palabranan aki loke Arondino Croes ta haciendo ta insulta trahadornan di DOW cu ta controla e calidad. El a kere cu e por insulta Minister Oduber cu e declaracionnan aki, pero parse cu den su afan pa haci politica y kibra un minister cu a bin ta trahando hopi duro pa hiba Aruba dilanti, el a lubida cu e minister no ta esun cu ta controla e trabounan di construcion, esey ta trabou di ambtenaarnan cu ta traha na DOW, di e forma aki el a insulta esnan cu ta gana nan pan trahando na DOW.

Minister Otmar Oduber ta lamenta masha hopi mes e tipo di actitud aki caminda ta insulta trahadornan cu dia aden dia afor ta haci nan trabou simplemente pa haci politica barata. E ta considera cu a yega momento pa esnan den oposicion cuminsa hiba un politica constructivo en bes di uno destructivo pa cual nan ta conoci pe caba, pero awor a bay asina leu di hasta insulta trahadornan cu ta realiza nan trabou na e forma debido pa sigui cu nan racha di destruccion na un pais cu ta den pleno mehoracion den tur sentido.

Segun MEP:

Minister de Meza mester bai les di Finanzas publico!

Tur compania anonimo (N.V.) ta paga Winstbelasting ora nan hasi ganashi!

Pueblo a keda babuca pa scucha un minister di Finansa, esta Sr Mike de Meza, reaciona ariba lider di partido na momento cu e la revela y publica un carta di ELMAR den cual ta keda confirma cu gobierno di AVP como acionista y pa medio di Utilities NV a manda pidi Elmar 3 miyon florin di dividend. Cu su reacion Sr de Meza ta confirma cu e no tin consehero profesional trahando pe pa e forma 'amateur' cu e la reaciona ariba nos lider!

Manera tur hende sa tur negoshi estableci aki y cu ta operando bou e capa di un NV mester paga winstbelasting ora nan hasi ganashi! Pa WEB y ELMAR esaki no ta diferente! Cu den 8 anja WEB y ELMAR a paga en total 111 miyon florin na Winstbelasting ta pasobra cu nan a hasi e ganashi aki. Prijs di brandstofclausule na 2005 p.e. tabata 0,18 cen! Economia tabata bon y tabata tin trabou!

Awe na 2012 e prijs di brandstofclausule ta 0.38 cen, economia ta malo y tin desempleo! Sr minister ta wak e diferencia?

Sr Minister e 139 miyon na dividend den 8 aña di gobierno di MEP a bai den presupuesto general di nos pais entre 2002 – 2009 pa paga pa Ensejansa, inversion, caretera, ambtenaar, promotion turistico y tur otro servicio di gobierno etc. Si gobierno como doño y unico acionista di WEB y ELMAR pa medio di Utilities NV pidi e dividend of ganashi ta pasobra gobierno den nomber di pueblo tin derecho ariba e ganashi aki!

Dus si Gobierno di MEP a pidi e companianan di estado(den nomber di pueblo) den 8 aña largo e dividend di 139 miyon ta pasobra gobierno y pueblo tin derecho ariba dje! E placa aki a bai pa medio di Utilities directamente pa caha di gobierno pa

Direccion di Finanzas maneha.

Manera sr de Meza sa cu e placa aki ta juda cubri e deficit financiero di gobierno! Mas dividend y ganashi bo hanja di SETAR, Utilities, Banco Central, APA NV, AAA NV menos placa bo mester fia como pais y por judabo baha bo debe! Ta pesey nan ta compania di estado! Tempo ELMAR tabata un compania priva tur e ganashi tabata bai afor! Desde cu gobierno di MEP a cumpre tur ganashi ta keda pa pueblo!

Unda e diferencia ta y pakiko awe pueblo ta rabia Sr Minister de Meza?

Pasobra ta bo lider Sr Eman, bo mes persona y AVP a priminti pueblo cu boso lo no saca e dividend aki y lo laga e ganashi/dividend pa WEB y ELMAR pa asina e placa aki por keda aden pa juda baha e prijs di awa y coriente pa pueblo! Kiko a para di e promesa aki? Prijs di brandstofclausule a subi barbaramente e ultimo anjanan aki! Bou Gobierno di AVP brandstofclausule a subi 0,18 na 2005 pa 0,38 cen pa kilowatt uur.Na final a sali afor cu contrario na e promesa hasi boso toch a saca e ganashi di ELMAR y WEB te na un suma di 20 miyon caba den 3 anja! Al contrario bou di tur e promesanan hasi den e 3 anja aki di boso gobernacion e prijs di coriente mes a subi cu mas di 50%.

Otro diferencia ta cu si MEP a exigi ganashi di WEB y ELMAR tabata su pleno derecho como donjo y accionista den nomber di pueblo! Placa cu a bai pa Financien y juda cubri deficit di presupuesto! Contrario na bo gobierno den forma scondi ta pidi Utilities NV pa exigi ganashi di WEB y ELMAR pa Utilities NV financia locura y fantasia di un gobierno cu no tin un maneho fiho y tur dia ta gasta placa den un 'locura berde'

cu despues di 3 anja no a juda pueblo cu nada! Di 'green conference'

Europe house, huur pornada pa TNO, Rietveld Academy, cumpra prensa, paga un cantidad di consehoronan y malgasta placa na coi loco manera un boto di un persona priva nabega di hulanda bin Aruba. Y pa e pueblo mes nada! Sr Minister de Meza mester cana den pueblo y puntra e pueblo si nan a bai dilanti e ultimo 3 añanan cu a pasa!

Union ta hasi forsa pa progreso di nos pais

Un potret ta bisa mas cu mil palabra! Esaki tabata e caso ayera tardi, na ocasion di ponemento di krans na e estatua di Juan Enrique Irausquin,pa corda su 50 aniversario di fayecimento.

Riba su mes esaki tabata un acontecimento grandi y un reconocemento excepcional di un gran lider politico,manera tabata e caso di Juan Enrique Irausquin, un homber di vision y incomparabel den e mundo politico.

Mas ainda tabata masha bunita pa aprecia tur e partidonan politico, a bini hunto na e ocasion aki y a para hunto pa saca potret. Riba su mes eski no ta algo inusual,pero aki nos por mira cu ora e politiconan riba nos isla kier hasi algo hunto,cu esaki por.

Ojala, cu e inspiracion di nos gran lider politico y estadista, Juan Enrique Irausquin,lo por tabata esun cu a dunanan e iluminacion pa saca e potret aki y na mes momento inculca den nan e guia pa un mihor formula pa solucion nos situcionnan economico y riba otro terenonan y guianan pa sigui su vision y lucha pa un mihor Aruba den constante progreso pa nos futuro generacionnan cu ta bini nos dilanti.

Situacion di cachonan di caya ta grandi

Ta tin un tempo den decada 60 y comienso di 70, na unda departamento di gobierno tabata pasa recohe cachonan cu no tin un doño for di riba caya y hiba nan abbatoir pa pone fin na nan.

Esaki tabata duna su fruto,debi cu den e epoca ey,gobierno tabata tene control severo riba e crecemento di cachonan sin doño cu ta biba riba caya y asina ey forma un peliger pa sociedad,manera ta e caso awe.

Banda di nos hotelnan, na nos aeropuerto y den cayanan na Playa y rond di nos isla e epidemia di cacho a bira algo insoportabel y cu mester haya oido y atencion urgente di esnan responsabel pa e situacion aki.

Na yegada di turistanan na nos aeropuerto internacional Reina Beatrix,na nan yegada na hotelnan y na momento cu e turistanan bin cana den nos cayanan na Oranjestad y si bai rond di nos isla ta mira cachonan di caya aki cu ta un molester grandi pa e bishitante y nos licalnan tambe.

Nos no sa kikmo a pasa cu e departamento di gobierno cu tabata hasi e trabao aki di piki e cachonan di caya aki,pero ta imperativo y urgente pa implementa, un departamento asina aki atrobe of sea duna e trabao pa recohe e cachonan di caya aki na un empresa priva pa hasiele,ya cu e situacion ta hopi serio y ahigienico pa nos tur y pa esnan cu ta bishita nos isla.

Ban recorda e dia aki pa pone un stenchi di unda nos kier sigui hiba Aruba pa e proximo 50 pa 100 añanan

Minister Otmar Oduber den nomber di Gobierno di Aruba tabata presente diaranson atardi na estatua di Juan Enrique Yrausquin, caminda a conmemora su 50 aña di fayecimento.

Den un discurso elocuente, e mandatario a mustra cu Juancho Yrausquin tabata un di e pioneronan importante di Pais Aruba, pero tambe un visionario sumamente grandi.

"Un di e cosnan mas importante ora bo corda riba un personahe asina grandi manera Sr. Yrausquin ta e hecho cu unda cu bo lesa riba dje, y te dia di awe ora papia di ki skina politico, di ki color politico cu bo por ta bin, ora ta identifica Sr.Juan Enrique Yrausquin bo ta identifike como un persona humilde, amigo di tur hende, independiente di ki bario bo ta, y su vision a refleha esaki tambe. Mi ta kere mester ta un les cu ora awe nos ta papia di si un bario a haya algo y si e otro bario no a haya un cos, Sr. Yrausquin tabata un di e politiconan cu un vision grandi a bisa cu cada bario akinan na Aruba tin derecho di un scol, cada hende cu ta traha y ta biba na Aruba tin derecho riba un pension, cada persona cu ta den un necesidad tin e importancia di por haya un understand of bijstand", Minister Otmar Oduber a bisa.

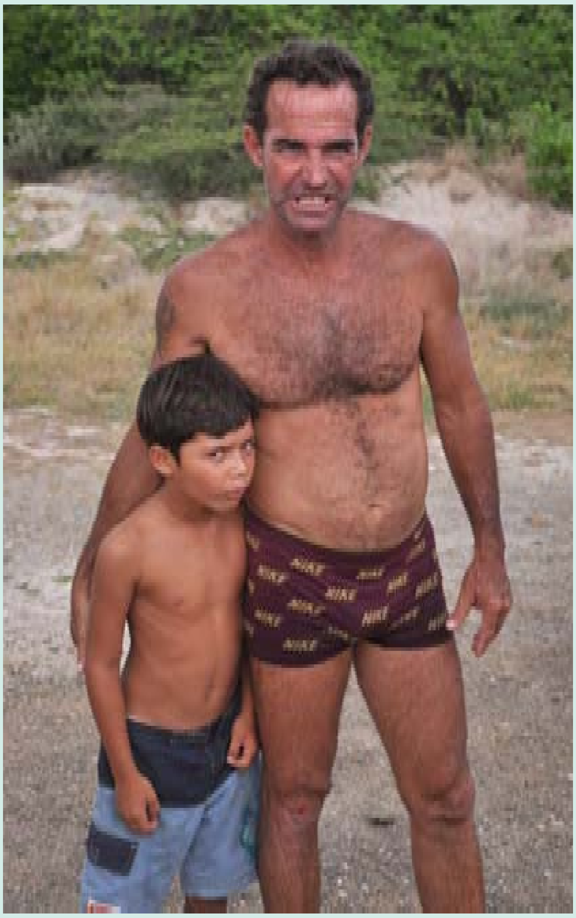

El a agrega cu Sr. Yrausquin ta den historia hunto cu otro gran politiconan no solamente cu e tabata pionero di habri un hotel na Aruba na aña 59, pero tambe pa laga un vision enorme atras. "Despues cu el a bay nos a biba su pensamento, nos a construi ariba su pensamento y awe nos ta biba ariba e pensamento cu e tabatin… un Aruba cu ta depende awe di 70% di turismo pa loke ta trata su economia".

Minister Oduber ta di opinion cu awe mester para keto y reconoce un vision cu nos tur ta para awe como comunidad di Aruba y cu ta trese riba mesa di 90% di nos famianan e pan di cada dia.

E ocasion aki ta e momento husto, despues cu algun aña atras nos a celebra 50 aña di nos turismo, pa recorda con nos a pasa di apenas algun camber pa mas di 10 mil camber. E ta e momento adecua pa basa nos mes riba e base profundo cu a word laga atras, caminda no mester wak di ki region ofdistrito un persona ta bin, pero prepara pa ora nos no tey mas, por laga atras un vision, un pensamento cu esnan cu ta sigui nos por biba riba dje y cu nos futuro generacionnan por tin un futuro tambe riba djele.

"Un persona cu definitivamente a contribui na djele ta Juan Enrique Yrausquin, conoci den pueblo como Juancho Yrausquin, e sirbidor di pueblo. Den nomber di Gobierno di Aruba mi ta expresa palabranan pa tur esnan cu ta rond di su pensamento y ta cana den pasonan di su vision awe, cu nos por celebra e dia aki, recorda e dia aki, pa pone e stenchi di unda nos kier sigui hiba Aruba pa e proximo 50 -100 añanan", Minister Otmar Oduber a finaliza.

WBO scores fight for Manny Pacquiao

The WBO completed its review Wednesday of Timothy Bradley's controversial split-decision victory against Manny Pacquiao with its five-member international judging panel all scoring the fight for Pacquiao, even though the official result will stand.

Pacquiao told The Associated Press from the Philippines on Thursday that he would prefer a rematch rather than Bradley giving up the WBO welterweight title that he won on a split decision because "people may think I just usurped it."

Bradley's victory on June 9 instantly became one of the most controversial decisions in boxing history. While judges Duane Ford and C.J. Ross both had Bradley winning 115-113, Jerry Roth scored it 115-113 for Pacquiao, who suffered his first defeat since 2005.

"My supporters shouldn't worry. We're going to get that title," said Pacquiao, who has the option of an immediate rematch with Bradley in his contract.

The HBO broadcasters and nearly every media member at ringside had Pacquiao winning. The crowd at the MGM Grand booed the decision heavily and there was fan outrage around the world from people believing Pacquiao clearly had won.

In the aftermath of the fight, WBO president Francisco "Paco" Valcarcel, whose organization sanctioned the title match, said he would have five judges review the video of the bout. On Wednesday, the results of that review were released. The five judges, whom Valcarcel said are accomplished judges with world title experience -- but whose names were not disclosed -- scored the fight for Pacquiao, 118-110, 117-111, 117-111, 116-112 and 115-113.

Valcarcel said the WBO has no authority to change the result. But given the outcome of the panel's review of the fight, he will order a rematch if Top Rank promoter Bob Arum declines to put on a second fight, or if Pacquiao opts not to exercise his rematch clause.

Top Rank and Pacquiao, however, simply could move on to another fight that just would not be for the WBO title.

"We can't change the result but we did this review for two reasons," Valcarcel told ESPN.com. "If they want to make a rematch, we will approve the rematch and if they don't, we will order one. Also, we wanted to show (the Nevada State Athletic Commission) that they could bring in other officials from outside of Nevada who can also do a fine job judging fights. It's good to have different officials."

Nevada generally selects officials from its own pool of in-state judges.

"We want to work together with Nevada and we think they should be open to other good officials from around the world," Valcarcel said. "But we are not questioning the honorability of the judges who scored the fight for Bradley. They are honest people. They are good officials, too, but I don't know what happened."

Valcarcel, who was ringside for the bout, said he scored it for Pacquiao, "but we have to respect the judges."

Pacquiao is due to return to the ring on Nov. 10 and after the fight, he said he wanted the rematch. Bradley also said he would like to fight Pacquiao, which would mean even more money than the career-high guarantee of $5 million he received. However, since the fight, Top Rank's talk of a rematch has cooled.

Arum, who promotes Pacquiao and Bradley but who also was outraged by the decision, was pleased with Valcarcel's review.

"Paco acted very responsibly," Arum said. "I think what they did was fine."

Arum, however, did not address the rematch.

"I'm not talking about it now," he said.

After the fight, Arum was so disgusted that he called for the Nevada Attorney General to investigate the scoring. Arum told ESPN.com that he met in his Las Vegas office Wednesday with a chief investigator and a deputy from the Nevada Attorney General's office.

"I think they will look into the whole situation, but I don't think there is any wrongdoing here and we can go on with our lives," he said.

Rangers rally as Yu Darvish holds off Padres

SAN DIEGO -- Once Yu Darvish settled down after the second inning, the San Diego Padresdidn't have a chance.

Darvish held San Diego to five hits over eight innings and got his first major league hit to help the Texas Rangers beat the Padres 4-2 on Wednesday for their sixth straight win.

Darvish (9-4), who struck out eight and walked three, leads all big league rookies with nine victories. He pitched for Japan at Petco Park in the 2009 World Baseball Classic.

"He just couldn't find his rhythm to get the ball where he wanted to," manager Ron Washington said of Darvish, who allowed a two-run single to Padres starter Anthony Bassin the second inning. "He just kept emphasizing what he needed to do. After the second inning, when they scored those runs, he finally did it. Once he found it, he was on from there on. He just began to pound the strike zone. The sixth, seventh and eighth innings were innings that a good pitcher shows you he's not going to be denied. Once we took the lead, it was over." Yorvit Torrealba, who was with the Padres in 2010, drew a bases-loaded walk with two outs in the sixth to bring in Josh Hamilton with the go-ahead run. The Rangers swept the three-game series and improved to 12-3 in interleague play, best in the majors this year.

"I asked the interpreter to tell the pitching coach, Mike Maddux, and Wash, I think it was somewhere around maybe after the third inning, I know my pitch count is up a little bit, but please don't base me getting taken out just on pitch count," Darvish said through an interpreter. "I can throw into the seventh, eighth still, it's no problem. But if you guys feel like it's the right situation to take me out, or maybe my approach or the substance of my pitching is not good, then that's fine. I have no problem with that."

Washington had reliever Mike Adams warming up in the eighth just in case, but Darvish finished the inning.

Joe Nathan pitched the ninth for his 15th save in 16 chances. The Padres have lost five of six since their only three-game sweep of the season, at Seattle last week. San Diego (24-46) has the worst record in the majors.

Darvish allowed multiple baserunners in the first two innings. He walked consecutive batters with one out in the first before getting Chase Headley to line out to second baseman Ian Kinsler, who doubled Cameron Maybin off second to end the inning.

After Alexi Amarista's double down the left field line was interfered with by a fan, putting runners on second and third with two outs in the first, Bass singled just inside first base to give the Padres a 2-0 lead. Bass then stole the first base of his career.

"We had some good at-bats early," Padres manager Bud Black said. "Anthony got the big at-bat there in the second inning. We had some guys on but it seemed as the game went on, he got stronger. He threw his pitches in and around the plate more consistently."

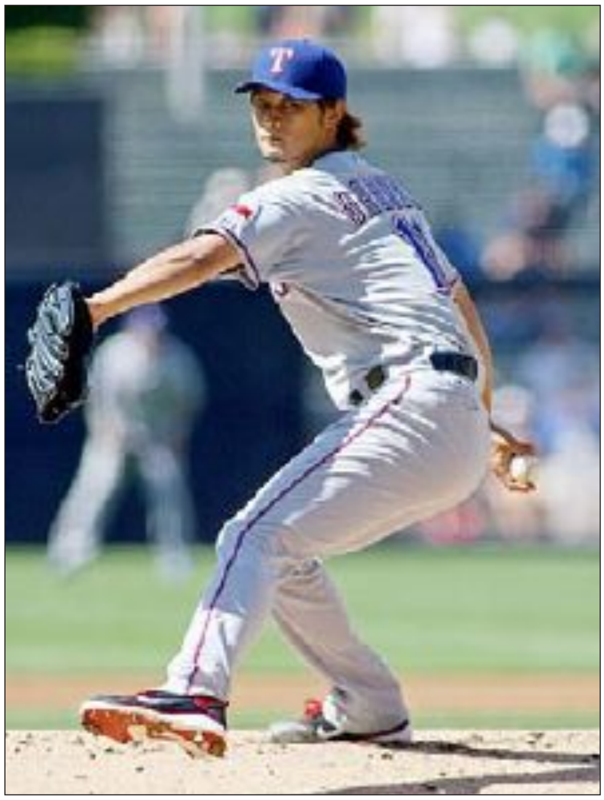

Darvish hit a broken-bat single in the third for his first big league hit. He was promptly doubled off first after Amarista, the second baseman, caught Kinsler's liner, ending the inning.

Darvish wasn't all that thrilled with the hit.

"I think if I was a hitter I might feel extreme joy, but as a pitcher, I don't feel as much so," he said.

Alberto Gonzalez, who was with San Diego last year, singled with two outs in the fifth to bring in David Murphy, who walked and stole second.

Bass left with inflammation in his right shoulder after allowing one run and three hits in five innings. He struck out two and walked one.

The Rangers went ahead in the sixth with two runs on two hits and three walks off three relievers. With one out, Michael Young singled, Hamilton doubled and Adrian Beltre walked to load the bases against Dale Thayer (0-2). Nelson Cruz grounded to Headley at third base. Rather than going for the bag and then throwing to second, Headley threw to second for the second out but Amarista's throw to first didn't get Cruz, and Young scored.

Alex Hinshaw came on and walked pinch-hitter Craig Gentry. Brad Boxberger came on and walked Torrealba to give the Rangers a 3-2 lead.

Young hit a sacrifice fly in the seventh.

Davey Johnson: 'Read the rulebook'

WASHINGTON -- Davey Johnson says Joe Maddon should "read the rulebook." Maddon says the rulebook shouldn't always rule in the "self-policing" world of major league baseball -- and that if anyone was cheating, it was Johnson.

The managers of the Washington Nationals and Tampa Bay Rays weren't exactly playing kiss-and-make-up Wednesday in baseball's latest spat: Johnson's decision to challenge Tampa Bay reliever Joel Peralta's glove in Washington's 5-4 loss the night before.

The umpires found pine tar on Peralta's glove. He was ejected from the game and expects a suspension of up to 10 days from Major League Baseball. The league office said it was investigating the incident and that no decision would be announced Wednesday.

Maddon was furious after the game, calling Johnson's actions "cowardly," "bush" and "bogus." Johnson knew about the pine tar because had inside information on Peralta, who pitched for the Nationals in 2010.

Johnson responded to Maddon before Wednesday's game, and Maddon then responded to Johnson. Some of the words used would not appear on most Christmas cards.

Johnson: "Any time there's a rule violation, as far as I'm concerned, it's just a rule violation. My only comment to him is read the rulebook. It's simple."

Maddon: "I totally understand that. Davey's right. I'm incapable of reading the rulebook, and there's also reading between the lines in some situations that needs to be looked at, too. He's been around long enough; he knows better than that."

Johnson, on whether he has any intention of meeting with Maddon: "No, I don't know him that well, but I thought he was a weird wuss anyway, so no. I understand where he's coming from. His job as a manager is to protect the players, striking out at whoever is causing your players any grievance."

Johnson also called Maddon a "guru" and needled the Rays manager for being active on Twitter and for having a reputation as a genius manager: "I don't want to get into a shouting match with Joe. I looked him up on the Internet and found out he is a tweeter, so he can get to more people than me. But it was interesting reading. But you can tell him I have a doctorate of letters, too. Mine's from Loyola in Humanities, and I'm proud of that, too."
